Sittin' here in limbo, tryin' to save my life  
Surrounded every minute by the kiddies and the wife  
Cupboard's nearly empty, so little I can choose  
And I'm goin' crazy with the lock down blues

## Chorus

I got the blues, I got the blues  
I got the awful lockdown blues  
Got the blues, the awful lockdown blues

Wake up in the morning, 'roundbout half past five  
Countin' toes and fingers to see if I'm alive  
Turnin' on the radio, listen to the news  
Just the same every day, it's the lockdown blues

## Chorus

Banks are getting richer, millionaires as well  
Getting juicy contracts, the rest can go to hell  
Got their private hospitals, as crooked cronies do  
We're gettin' sick with the lockdown blues

## Chorus

It's stay at home today, tomorrow get to work  
The promises they break could make you go berserk  
Pacing round the bedroom, it's wearin' out my shoes  
I'm simply dying with the lockdown blues.

## Chorus
