Being a girl is great *Girls can do anything*  
 So don't discriminate *Girls can do anything*  
 They're talented, they're sharp alright  
 They're understanding and they're bright  
 If you disagree there'll be a fight 'cos *Girls can do anything*

Black, white and brown *Girls can do anything*  
 They're great to have around *Girls can do anything*  
 Fly a plane, chop down a tree  
 Even do brain surgery  
 While composing a brand new symphony, yes *Girls can do anything*

They can dress just how they please *Girls can do anything*  
 In boots and dungarees *Girls can do anything*  
 They don't need frills, they don't need lace  
 Won't hide their brain behind their face  
 Everywhere is a woman's place 'cos *Girls can do anything*

Girls are fun, not half! *Girls can do anything*  
 They're ever such a laugh *Girls can do anything*  
 They can make you feel ten feet high  
 They can tell when someone's told a lie  
 Even have a good old cry, yes *Girls can do anything*

Girls rule OK *Girls can do anything*  
 Girls mean what they say *Girls can do anything*  
 Be a sister to all womankind  
 Tell the world what's on your mind  
 Stick together and you will find that *Girls can do anything*
