

VOTE 'EM OUT!

by Willie Nelson (last 2 verses by Pat Lamanna)
Willie Nelson sings this at youtu.be/bt-n0zu6MjM

If you don't like who's in there, **vote 'em out**
That's what Election Day is all about
And the biggest gun we got, is called the ballot box
And if you don't like who's in there, **vote 'em out**

Chorus

Vote 'em out, vote 'em out
And when they're gone we'll sing and dance and shout
And we'll bring some new ones in, and we'll start the show again
And if you don't like who's in there,
Vote 'em out

If it's a bunch of clowns you voted in
Election Day is comin' 'round again
And if you don't like it now, if it's more than you'll allow
And if you don't like who's in there, **vote 'em out**
Chorus

But, if you like the way it's always been
Why, then, you have to vote to keep 'em in!
If some upstart comes along, send 'em back where they belong
But if you don't like who's in there, **vote 'em out!**
Chorus

You might ask, "What difference does it make?"
But if you do, you're making a mistake
If you think voting is for chumps, just remember Donald Trump
So if you don't like who's in there, **vote 'em out**
Chorus, then

Last chorus:

Vote 'em out, vote 'em out
That's what Election Day is all about
The biggest gun we got is called the ballot box
And if you don't like who's in there,
VOTE 'EM OUT
